

HackTomorrow

Sponsor Guide

For those who believe everyone deserves the same opportunity.

2019.

200 Members

August 23rd - 25th, 2019 in Chicago

What is HackTomorrow?

HackTomorrow is a weekend long hackathon, or invention competition, where participants work to solve a problem they believe should be worked on. With mentors, workshops, free food, and a collaborative space, members will be able to freely create something with resources and help they might not regularly have access to.

What is The Creative Tomorrow?

The Creative Tomorrow is an organization working to empower people everywhere to be able to build the solutions of tomorrow, today, through education, events, and initiatives. We do this through running events that help people learn and grow, by using our social channels and platforms to educate, and start initiatives that someone live a better life.

We want to keep our barrier to entry low and our value high, by never charging our members to be a part of The Creative Tomorrow and making sure they leave more capable than when they came in.

Why become a sponsor?

Besides reasons like our value first sponsor packages, you'll have access to promoting your brand effectively, recruiting real talent easily, marketing your product in ways that would be expensive to do alone, and leveraging our brand and platform to help grow your organization.

We believe that you have something important to say, whether it's about your new product or your brand's mission statement. If it's valuable to you, it's valuable to us.

Let's keep your message alive.

HackTomorrow Services

A look at a few services we offer to all of our sponsors and partners

Creative Rewards

From following your socials to trying out your products, our rewards platform can help you grow your brand all while empowering people to get better

HackTomorrow Resumes

Have access to a collection of talented individuals. Through our HackTomorrow Resumes, you'll be able to recruit the world changers of tomorrow, today.

HackTomorrow Gift Bag

Our mission is to keep your message alive, even after an event is over, that's why we send every member home with our Gift Bag and Sponsor Folder, containing anything you want everyone to remember.

HackTomorrow Workshops

Our members love learning about new technologies, companies, and products. And what better way to help them grow than running a custom built workshop, allowing you to tech while communicating your mission.

Future Events & Initiatives

A sneak peak into what The Creative Tomorrow is trying to accomplish

Fix It

A weekend long hackathon encouraging creators of all kinds to resolve critical problems they find important

BuildFest

Another weekend long hackathon dedicated to hardware creators and solutions in tech

Innovation Fair

A 6 month research project open for k-12 to study and report on creations and work of the future

Grant Program

A plan to roll out funds and grants to local organizations and schools to help the people they serve

Workshops

Frequent meetups on campus or around to learn new and useful skills that people can take with them anywhere

Community Hall

A monthly meeting with local members and The Creative Tomorrow to plan out future events and initiatives

Schools

Scheduled courses offered as alternatives for people and students who can't afford the time and cost others charge

Club Excel

Support of high school clubs working to grow skill sets that can help them for the rest of their life

Game Jam

A weekend long game making festival for aspiring game developers, animations and designers

Conferences

Community driven talks in local venues for members to learn about changes in their field and industry

Launch Week

A week long initiative to help educate entrepreneurs to create and push out a brand new idea they believe in, quickly

Idea Roast

A event that brings together members to create, build, design, and vote on powerful ideas together

And this is just the beginning.

So, what are you waiting for?
